

Career Counselling for International Students

As part of the Federal Employment agency of Germany, we as Hochschulteam offer free counselling for all students at JLU in German and English.

A lot of international students face special problems and hurdles when it comes to questions like:

- Is it possible to work as a foreign student here in Germany?
- Will it help me to start better off after graduation? (little Spoiler: yes, it will!)
- How do I know what kind of jobs I am qualified enough for?
- How can I find an internship/ student job or my first job after graduation?
- How does applying work in Germany?
- What do I need to know about the application process or documents?
- What if my studycase doesn't work out for me and I need a new orientation?
- Can anybody help me with this?

Yes, we would appreciate to guide you through any of these questions.

And even if you "just" need a review of your application – get in touch and we can check your application and give you hints how to optimize it for all upcoming application processes.

Our counselling is free of charge, trustful, open-minded and with a professional background.

Either use one of our **office hours** in winter semester:

21.08.25

25.09.25

23.10.25

18.12.25

29.01.26

26.02.26

In the time from 9-12 a.m. we will meet at the Career Services, Rooms will be announced. Please register for that through StudIP.

Or you get your appointment through: giessen.hochschulteam@arbeitsagentur.de

If a check of application is your goal, please send the following documents in advance or bring them along to the appointment:

- Job advertisement
- cover letter for this job
- CV for this job
