

Frontend Developer

The [International and Specialized Services](#) is looking for applicants who are interested to gain new experience in the greater Berlin region.

Berlin has a rapidly growing start-up scene with around 500 new tech start-ups every. With numerous incubators, accelerators and co-working spaces, the city offers optimal conditions for entrepreneurs from around the world. Most of these start-ups are very interested to internationalize their teams.

Next to the growing start-up scenery, you will find many big and international as well as family run companies in Berlin and Brandenburg in different sectors.

Required skills:

- Academic degree within ICT
- At least 3 years of professional experience as a software developer
- HTML5
- CSS
- Javascript (react, angular, node, vue)
- CMS
- Database
- API
- Languages: English fluent, German nice to have

We are looking forward to your application!

We are happy to receive your updated Curriculum Vitae and [registration form](#).
