

FAO - Food and Agriculture Organization

Junior Professional Officer (JPO)/ Associate Professional Officer (APO) Chiffre Nr. 2022-1-14

1. General Information

Job Title:	JPO, Associate Professional Officer (Agriculture)
Agency:	FAO - Food and Agriculture Organization
Unit:	Plant Production and Protection Division (NSP)
Country and Duty Station:	Rome, Italy
Duration of assignment:	2 years with possibility of extension for another year The extension of appointment is subject to yearly review concerning priorities, availability of funds, and satisfactory performance

Please note that for participants of the FAO JPO-Programme at least three years of work experience are mandatory! Relevant work experience can be counted. In order to assess the eligibility of the candidates, we review the relevant experience acquired after obtaining the first university degree (usually bachelor's degree).

2. Organizational Setting

The Plant Production and Protection Division (NSP) enables the transition to more efficient, inclusive, resilient and sustainable plant production and protection through optimization and minimization. This requires the integration and harmonization of all appropriate crop production policies and practices in order to increase production in a sustainable manner in order to eradicate hunger while preserving the natural resources and environment for future use. This position is located in the Office of the Director, NSP.

The Associate Professional Officer (Agricultural) would be part of the Pest and Pesticide Management Team (NSPCD), one of the six teams in the NSP Division. NSPCD leads the efforts to reduce reliance on pesticides by adopting an integrated pest management approach and provides advice, technical support and guidance to countries aimed at improving pesticide life-cycle management in line with the FAO/WHO International Code of Conduct for Pesticide Management (the Code of Conduct).

The post is located at FAO headquarters in Rome, Italy.

Reporting Lines

The Associate Professional Officer (Agriculture) reports to the Senior Agricultural Officer, Team Leader, NSPCD and will work in close collaboration with the Integrated Pest Management (IPM) Officer.
